A powerhouse partnership for complete cloud-to-edge solutions

Accelerate your cloud journey with access to NTT DATA’s full information and communications technology (ICT) stack of services, coupled with the experience and depth of Dell Technologies technology and solutions. Together, we can provide you with access to a complete cloud-to-edge solution and give you the benefits of greater purchasing power and efficiencies, as well as economies of scale.

Your partners for proven, sustainable solutions

Our joint solutions and expertise, combined with end-to-end services, enable you to control cloud spending, use resources more efficiently, and speed up your time to market.

Innovation for sustainable businesses

Our vision of contributing to a sustainable society aligns with Dell Technologies’ purpose of creating technologies that drive human progress.

We have the expertise to help you meet your challenges head on, at every stage of your cloud journey.

Our ongoing investment in infrastructure and innovation ensure our success and sustainability— and yours.

With a deep understanding of our clients’ industries and extensive R&D capabilities, we can deliver solutions for a range of sectors.

We can help you to:

- Control cloud spending and use resources more efficiently
- Simplify the management of your organization’s digital footprint
- Build a secure cloud environment, with integrated security from the edge, across the network and to the application
- Optimize cloud environments
- Meet all compliance requirements

Efficiency and performance

- Reduced costs
- Increased scalability
- Improved productivity

Control

- Control cloud spend
- Use resources more efficiently

Security across the stack

- Strategic governance and robustness

Innovation

- Next-generation technologies
- Next-level assistance
- Meet your requirements

Cloud compliance

- Digitalirty in cloud environments
- Meet legal and regulatory requirements

World-leading global innovators

Our partnership enables us to deliver innovation as a service.

We are known for our expertise in the healthcare, finance, manufacturing, pharmaceutical and biomedical sectors, among others.

We are a part of the Japanese conglomerate, NTT Group, one of the world’s largest and most respected brands. We are a company built on delivering on our commitments to our people, our clients and society.

What you stand to gain

- Reduced costs
- Increased scalability
- Improved productivity
- Control cloud spend
- Use resources more efficiently
- Stronger governance and maturity
- Optimal reliability in cloud environments
- Meet all compliance requirements

Certainty in an uncertain world

Our ongoing research in information and innovations ensure our success and sustainability— and yours.

We are part of the greater NTT Group, NTT DATA, one of the largest ICT service providers in the world, with presence in over 150 countries and regions.
