Industrial to digital

Edge solutions for the next manufacturing revolution from NTT DATA and Dell Technologies

Manufacturing is now being defined by emerging technologies and platoons that enable greater operational efficiencies and improvements to change.

The edge advantage is real, and investments are driving key business outcomes.

Pushing the boundaries of what’s possible in smart manufacturing

NTT DATA and Dell Technologies offer end-to-end and real edge solutions for resilient systems and transformative results.

Meeting you where you’re at. Taking you where you want to go.

Integrate your modernization journey with NTT DATA’s AIOps-driven Adaptive Edge Cloud Platform.

Tangible Value to meet IT demands

Edge enables greater operational efficiencies and responsiveness to change.

The bar has never been higher for smart manufacturing organizations.
