2 Terms of Business and Formation of the Contract

- 2.1 The Client may request the supply of ICT Services to the Client or to the Client's Related Body Corporate by executing an Agreement.
- 2.2 Each Order Form executed constitutes a separate and independent Agreement. For clarity, multiple Order Forms may be executed under one Service Schedule, each constituting a separate Agreement.

- 2.3 Where the Client issues a purchase order to NTT in connection with an Agreement:
- (a) in the case of Infrastructure Resale Services where a Quotation has been provided to the Client by NTT:
 - (i) the purchase order must reference the Quotation number; and
 - (ii) subject to section 2.3(a)(i), the Agreement will be deemed executed by the Client and the purchase order will be deemed to be the Order Form whether or not the Client has signed an Order Form;
 - (b) for Services other than Infrastructure Resale Services:
 - (i) the purchase order must reference the Order Form number; and
 - (ii) the Client must execute both the Service Schedule and Order Form to form an Agreement.
- 2.4 NTT's obligations under an Agreement may be performed by NTT or a third party subcontractor appointed by NTT, in which case NTT remains responsible for ensuring that the third party complies with the Agreement.
- 2.5 NTT's responsibility for third party performance in section 2.4 does not apply to Infrastructure Resale Services and other Services where Third Party Terms are specified in the applicable Agreement. Third Party Terms are entered into by the applicable third party licensor of the Software or the manufacturer of the Product, and the Client.
- 2.6 NTT may require that the Client completes NTT's Credit Application Form, which is available at Attachment B, and is satisfied as to the continued credit worthiness of the Client prior to supplying Services and/or Products under an Agreement.
- 2.7 NTT will assign an account manager to manage the relationship with the Client during the Term.

3 Term

- 3.1 This Master Agreement continues until terminated in accordance with section 13 ("Term").
- 3.2 An Agreement commences on the Effective Date and continues for the period specified in the Order Form.
- 3.3 Unless otherwise agreed in the Order Form, when the Minimum Service Period expires, the Agreement will continue on a rolling month-to-month basis until one party gives the other party 45 days' Notice of its intent to terminate the Agreement.

4 Invoicing and Payment

- 4.1 Charges will be specified in the Order Form, including one-off and recurring Charges, as applicable. Tax invoices may be sent by email to the address notified in writing by the Client. The Client must pay the Charges, plus GST and any other current or future tax, regulatory charge or impost applying to the Services or Products within 30 days of receipt of a tax invoice without any set off or deduction.
- 4.2 Subject to section 4.3, if the Client fails to pay an undisputed tax invoice when due, NTT may, in addition to its other remedies, charge interest (accruing daily) on the overdue sum at the rate of 2% per annum above the Westpac Banking Corporation business overdraft rate or the maximum permitted by law from the date the payment was due until payment of the overdue sum, together with all reasonable costs incurred by NTT in recovering the overdue amount, provided NTT gives the Client reasonable notice of its intent to do so.
- 4.3 The Client may only withhold payment of that part of an invoice that the Client disputes in good faith and on reasonable grounds until such dispute has been resolved in accordance with section 18, or as otherwise agreed in writing. Notwithstanding the foregoing, payment may only be withheld provided notice of the disputed amount is delivered to NTT on or before the due date for the disputed payment.
- 4.4 NTT may increase the Charges on 30 days' notice if the prices or inputs payable by NTT for obtaining any goods or services required to provide the Services are materially altered as a result of a Government, regulatory, or Utility Service Provider action. If the rates charged to NTT are altered retrospectively such altered rates may also be applied retrospectively. If, following such alteration, the revised Charges are not acceptable to the Client, the Client may terminate the applicable Agreement on 30 days' Notice to NTT from the date of its receipt of the notification of the revised Charges. The Client's failure to terminate the applicable Agreement pursuant to this section will constitute a deemed acceptance by the Client of the revised Charges. If the Client terminates an Agreement under this section during the Minimum Service Period, the Client must pay the Charges and expenses incurred by NTT to the date of termination but will not be required to pay the Charges for the remainder of the Minimum Service Period.
- 4.5 To secure the payment of all moneys owed and owing by the Client to NTT under this Agreement ("**Secured Money**"), the Client grants a security interest pursuant to the *Personal Property Securities Act 2009* (Cth) ("**PPSA**") in all the Client's present and after acquired property as security for the Client's obligations in respect of the Secured Money. The Client hereby irrevocably appoints NTT and any person nominated by NTT as the attorney of the Client with power to execute, sign, seal and deliver any documents to better secure the Secured Money and to perfect any security.

5 Warranties and Disclaimer

- 5.1 Subject to section 8, NTT warrants that the Services will:

 - (c) the quality, content or accuracy associated with any products, services or information provided by a third party received by the Client through or as a result of the use of the Services.
- 5.5 Subject to section 8.1, NTT is not responsible for:
- (a) any defect in the Services or Products arising from:
 - (i) any drawing, design or specification supplied by the Client;
 - (ii) fair wear and tear, wilful damage, negligence, or abnormal working conditions imposed by the Client, failure by the Client or an End User to follow NTT's or the manufacturer's instructions (whether oral or in writing), misuse, alteration or repair of the Services or Products by the Client or an End User without NTT's or the manufacturer's approval;

- 5.6 The Client warrants that:
- (a) it has the right to use and to permit NTT to use all software, material, data or documents provided by or on behalf of the Client to NTT for the provision of the Services, and that the caching of Client Data, if required to perform the Services, will not infringe the Intellectual Property Rights or privacy rights of the Client or any third party; and
 - (b) neither the Client nor its officers, employees or contractors have relied on any representation, promise or undertaking made by or on behalf of NTT which is not expressly set out in the Agreement.
- 5.7 The Client acknowledges and agrees that NTT exercises no control over, and accepts no responsibility or liability for, the content of the information (including but not limited to the Client Data) passing through NTT's host computers, Network hubs and points of presence or the Internet;
- 5.8 Each party represents and warrants to the other that:
- (a) it will perform its obligations so as to avoid hindering the performance of the other party;

 - (c) it will comply with all laws and regulations applicable to it; and
 - (d) the persons signing on its behalf have full authority and right to enter into this Master Agreement and each Agreement.

6 Client Responsibilities

- 6.1 In addition to any responsibilities of the Client specified in an Agreement, the Client must:
- (a) provide NTT with sufficient and safe access (including remote access) to the Client's Location (including facilities, systems, information, personnel, and resources), without charge to NTT, as reasonably required by NTT to perform its obligations under the Agreement;

 - (c) ensure that, where Services or Products are provided to a Related Body Corporate of the Client, the Related Body Corporate complies with the Agreement. Any failure by a Related Body Corporate of the Client to observe the obligations (including payment) of the Client under an Agreement will be deemed to be a breach of that Agreement by the Client for which the Client will be responsible. The Client indemnifies NTT for all loss and damage incurred as a result of a failure of a Related Body Corporate of the Client to observe the obligations (including payment) of the Client under the Agreement; and
 - (d) comply with the Acceptable Use Policy as it applies to Network Services.
- 6.2 NTT is not liable for any failure or delay in performing its obligations under an Agreement to the extent such failure or delay was caused or contributed to by the Client's failure to comply with section 6.1 or any other obligation under an Agreement. Any additional costs incurred by NTT as a result of the failure or delay of the Client, its Related Body Corporate, or a subcontractor of the Client or of a Client Related Body Corporate affecting NTT in performing the Services, will be charged to the Client.

- (c) the Client must:
 - (i) obtain any consents required to install NTT Equipment at the Client's Location;
 - (ii) ensure that the Client's public liability insurance policy extends cover to NTT Equipment against loss or damage whilst at the Client's Location;
 - (iii) take all necessary action to prevent NTT Equipment being interfered with or damaged and return it to NTT upon NTT's request;
 - (iv) conduct at its cost any scheduled maintenance of NTT Equipment, where such maintenance is specified in the Agreement; and
 - (v) permit NTT to access NTT Equipment at the Client's Location upon reasonable request, provided that NTT complies with the Client's security policies notified in writing to NTT.
- (d) NTT may:
 - (i) consult with the Client in respect to the installation of NTT Equipment, provided that NTT retains the right to make all decisions in relation to the routing of cables and the positioning of NTT Equipment; and
 - (ii) in its sole discretion and upon prior notice to the Client, change, modify or remove NTT Equipment, provided that NTT remains responsible for performing the Services in accordance with the Agreement.

8 Limitation of Liability

- 8.1 To the extent permitted by applicable law, conditions, warranties, guarantees, rights, remedies, liabilities and other terms implied by statute, custom or the common law are excluded from this Master Agreement.
- 8.2 Where the applicable law prescribes a remedy or liability for breach of a statutory guarantee or warranty for the supply of Services or Products, NTT's liability is limited to the prescribed remedy or liability.
- 8.3 Without limiting section 8.2, if a supply under an Agreement is a supply of goods or services to a consumer within the meaning of the Australian Consumer Law set out in Schedule 2 to the *Competition and Consumer Act 2010* (Cth), nothing in this Master Agreement excludes, restricts or modifies the application of any provision, the exercise of any right or remedy, or the imposition of any liability under the Australian Consumer Law, provided that, to the extent the Australian Consumer Law permits NTT to limit its liability, then NTT's liability will be limited to:
- (a) in the case of Services, the cost of supplying the Services again or payment of the cost of having the Services supplied again; and
 - (b) in the case of Goods, the cost of replacing the Goods, supplying equivalent Goods or having the Goods repaired, or payment of the cost of replacing the Goods, supplying equivalent Goods or having the Goods repaired.
- 8.4 Subject to section 8.5, nothing in this Master Agreement operates to exclude or restrict a party's liability for:
- (a) death or personal injury (including sickness) for which that party is legally liable;

- (b) breach of confidentiality or privacy; or
 - (c) fraud or fraudulent misrepresentation.
- 8.5 In no circumstances will a party be liable for loss of revenue; loss of profits or anticipated savings; loss of business or goodwill; loss or corruption of data; or for any indirect, special or consequential loss or damage, however caused, even if the other party was advised of or aware of the possibility for such liability.
- 8.6 Subject to section 8.7, the liability of a party in contract, tort, breach of statute, or other legal theory arising out of or in relation to the provision of Services and Products under an Agreement, is limited in aggregate to:
- (a) where Infrastructure Resale Services or Professional Services are provided, an amount equal to the Charges in respect of the Infrastructure Resale Services or Professional Services (as applicable); and

- 8.8 Each party must take reasonable steps to mitigate its loss or damage (including under an indemnity). The liability of a party for loss or damage (including under an indemnity) will be reduced proportionally to the extent that the loss or damage was caused or contributed to by a negligent act or omission or wilful misconduct of the other party or by a breach of this Agreement, by the other party.
- 8.9 Nothing in this section 8 affects the Client's obligation to make payment under section 4.

9 Intellectual Property

- 9.1 Nothing in this Master Agreement affects a party's Intellectual Property Rights which exist prior to parties first entering into an Agreement ("**Pre-Existing IP**").
- 9.2 Each party grants to the other party a non-exclusive, royalty free licence to use its Pre-Existing IP only to the extent necessary for the purpose of performing its obligations or exercising its rights under an Agreement. This licence is only granted for the term of the relevant Agreement and will immediately come to an end upon termination or expiry of that Agreement or if this Master Agreement is terminated for any reason.
- 9.3 Ownership of all Intellectual Property Rights created or developed under an Agreement by NTT or otherwise in the course of providing the Services ("**Developed IP**") vests in NTT from its creation, unless otherwise agreed in the relevant Order Form.
- 9.4 Unless otherwise specified in an Agreement, any rights granted by NTT for the Client to use NTT's Intellectual Property Rights may be further sub-licensed by the Client provided it has obtained NTT's written consent prior to doing so. Nothing in this section 9.4 limits the Client's responsibilities under section 6.1(c).
- 9.5 Each party hereby agrees not to infringe the Intellectual Property Rights of the other party, and except as expressly authorised under these terms and conditions, neither party may use, copy, adapt, translate or otherwise exploit the Intellectual Property Rights of the other party.

- 9.7 IP Claims
- (a) In the event a third party brings a claim against the Client that a Deliverable provided by NTT under this Master Agreement infringes that party's Intellectual Property Rights ("**IP Claim**"), NTT will, as the Client's exclusive remedy, have sole control of the defence against the IP Claim, defend the Client against the IP Claim and indemnify the Client from the resulting costs, damages and attorney's fees that a court awards against the Client to such third party or that are agreed to in settlement (approved in advance by NTT), provided NTT:
 - (i) procures the right for the Client to continue to use the Deliverable; or
 - (ii) modifies or replaces the Deliverable to avoid continuing infringement; or
 - (iii) if neither of the alternatives in the preceding paragraphs is reasonably available, removes the infringing Deliverable and provides a refund of the Charges paid by the Client in relation to the infringing Deliverable.

- (b) NTT will have no liability for any IP Claim based on:
- (i) modifications to the Deliverable made by or on behalf of the Client by anyone other than NTT without NTT's approval;
 - (ii) NTT's compliance with any directions or specifications provided by the Client or a third party on the Client's behalf;
 - (iii) use of a Deliverable other than in accordance with the manufacturer's specifications and applicable licence restrictions, or the use of a superseded version of a Deliverable should the IP Claim have been avoided by using the current version; or
 - (iv) use of the Deliverable in combination with equipment or software for a purpose or in a manner for which the Deliverable was not reasonably intended.

10 Confidential Information

- (b) must not use Confidential Information for a purpose other than the performance of its obligations under an Agreement;
- (c) may disclose Confidential Information to any of its directors, officers, employees, professional advisors and contractors or those of its Related Bodies Corporate (each a "Recipient") solely to the extent that disclosure is strictly necessary for the purposes of an Agreement, provided that the Receiving Party ensures that each Recipient complies with the Receiving Party's obligations of confidentiality, and indemnifies the Disclosing Party for all loss and damage incurred as a result of a Recipient's breach of those confidentiality obligations;
- (d) must not disclose Confidential Information to a third party without the Disclosing Party's prior written consent unless otherwise permitted under this section 10;

10.5 Obligations of confidentiality survive termination or expiration of any Agreement and this Master Agreement.

11 Privacy and Data Protection

11.1 Each party must:

- (a) comply with the Privacy Laws in relation to any Personal information that is collected, used, stored or disclosed under this Master Agreement, and, where a party is bound to comply with the Privacy Act, that party must comply with the Privacy Act as it was bound to do so;

- 11.3 Where the Client provides any Personal Information to NTT under this Master Agreement, the Client warrants that such Personal Information has been collected, and disclosures have been made, in accordance with all Privacy Laws, including by making those persons from whom the Personal Information was collected (including End Users) aware of the matters required by the Privacy Laws in relation to the disclosure to, and use by, NTT of that Personal Information.
- 11.4 The Client must ensure that any person who receives Services from NTT pursuant to this Master Agreement, or whose information is disclosed to NTT in connection with this Master Agreement, consents to NTT using and disclosing their Personal Information in accordance with the Privacy Policy.
- 11.5 The handling of any individual or data-subject's Cardholder Data, Health Records and other Personal Information which the Client holds, possesses, processes, or controls, requires dedicated security systems for compliance with legal and regulatory obligations under the Privacy Laws, including but not limited to the Privacy Act. The Client acknowledges and agrees that all legal and regulatory obligations regarding the handling of such information is the responsibility of the Client, and no dedicated security systems are included in the Services unless expressly specified as NTT's responsibility in the applicable Service Schedule and/or Order Form.
- 11.6 Each party (the "**Indemnifying Party**") indemnifies the other party from and against any loss, liability, fines, damages, costs and expenses incurred by the other party, its Related Bodies Corporate and its subcontractors arising out of, or in connection with, any breach of this section 11 by the Indemnifying Party.

12 Security

- 12.1 If specified in an Agreement, NTT will provide security services comprising the security measures specified in the applicable Service Schedule and/or Order Form ("**Security Services**").
- 12.2 Despite section 12.1, the Client acknowledges and agrees that:
- (a) NTT does not make any warranty or representation that the Security Services will be sufficient to protect the Client Data and/or the Client's network;
 - (b) security incidents (such as denial of service, malicious codes and any other form cyber-attack) may occur despite the provision of the Security Services, and NTT will not be liable for loss or damage caused by such security incidents;

 - (d) NTT is not responsible for any misuse or unauthorised modification, loss, transmission or disclosure of, unauthorised access to, or interference with, the Client Data or the Client's network, which results (directly or indirectly) from:
 - (i) a security breach or incident occurring despite the implementation of the Security Services;
 - (ii) failures by the Client to take reasonable steps to prevent unauthorised access to the Services, the Client Data and/or the Client's network (for example, by disclosing the security credentials such as user names and passwords related to the Services); or
 - (iii) events beyond the reasonable control of NTT, including security incidents affecting hardware, software or services not controlled by NTT.

- 13.3 Unless otherwise agreed in writing, termination of:
- (a) this Master Agreement does not automatically terminate an Agreement; and
 - (b) one Agreement has no effect on other Agreements.
- 13.4 Upon termination or expiry of this Master Agreement or an Agreement, the Client must (and must procure that each Related Body Corporate will) immediately cease using the Services and return NTT Equipment or, at NTT's option, permit NTT to retrieve NTT Equipment, as the Client's cost.
- 13.5 Termination of this Master Agreement or an Agreement is without prejudice to any right of action or remedy of a party which has accrued before termination or which may accrue at or after termination.
- 13.6 NTT may suspend at any time on Notice with immediate effect, all or any part of the Services, if:
- (a) the Client is in Material Breach of an Agreement, including but not limited to any failure to pay any Charges when due, in which case NTT will give five Business Days' Notice;
 - (b) NTT needs to carry out any emergency maintenance or repairs to any part of the Network or other infrastructure used to provide the Services;

Charges will not be suspended if Services are suspended under section 13.6(a), for non-payment of money due to NTT, or under section 13.6(e).
- 13.8 Where a Service has been suspended for the Client's breach, the Service will resume as soon as reasonably practicable after the Client's breach has been remedied and upon the Client paying any applicable resumption of service fee.

14 Force Majeure

- 14.1 Neither party will be liable for any delay or failure to perform its obligations pursuant to an Agreement where such delay is caused by a Force Majeure Event, provided that the performance of the affected party's obligations will be suspended only to the extent and for as long as the Force Majeure Event continues to prevent performance, and the affected party:
- (a) provides prompt written notification to the other party of the details and the proposed actions that party will take to remedy the Force Majeure Event; and
 - (b) uses reasonable endeavours to mitigate the impact of the Force Majeure Event as soon as possible.
- 14.2 A party is not relieved from performing its obligations if the delay or failure to perform or the Force Majeure Event itself could have been prevented by taking reasonable precautions by that party.
- 14.3 Either party may terminate the relevant Agreement on 7 days' Notice to the other if the Force Majeure Event continues for more than 60 days.

15 Compliance with Laws

- 15.1 NTT will comply with local laws generally applicable to it as a provider of ICT Services. The Client is responsible for determining the legal requirements applicable to the Client's business, including those relating to the ICT Services provided to the Client under an Agreement. Each party will comply with all applicable export and import laws.
- 15.2 The Client acknowledges that each Agreement and the provision of the ICT Services thereunder is subject to the applicable laws and regulations in the country in which the ICT Services are provided. NTT reserves the right to vary the provisions of an Agreement to ensure compliance with such laws and regulation, upon Notice to the Client specifying the applicable law or regulation and the reason for the variation.

16 Personnel

- 16.1 Each party must assign personnel that are qualified to perform the tasks required of it under an Agreement and is responsible for the supervision, direction, control, and compensation of its personnel. Subject to the foregoing, each party may determine the assignment of its personnel and its contractors.
- 16.2 Neither party may (and must procure that its Related Bodies Corporate do not) during the term of this Master Agreement and for three months after its termination employ, engage, induce or entice away (whether directly or indirectly) any person who, during the previous 12 months, has been employed or engaged by the other party or its subcontractors to perform the Services. The foregoing does not prohibit a party from recruiting a person through a recruitment agency or in a response to a newspaper, web page or other public employment advertisement (except if the party or the agency targets employees or subcontractors of the other party through prior discussion and solicitation).

17 Insurance

- 17.1 NTT will maintain the following insurance policies for the term of this Master Agreement and will provide certificates of currency upon the Client's reasonable request:
