Microsoft Teams Calling Workshop

Plan your journey to a successful Teams Calling deployment

Now more than ever, businesses need a modern voice solution and phone system capabilities that combines unified communication and teamwork. Calling in Teams provides the features organizations need to deliver seamless, collaborative experiences for employees, business partners and customers. Because implementation of calling solutions can be complex and involves network remediation, O365 service deployment, telephone number provisioning/porting and organizational change management, customers trust us to support them with the transition.

We cover all aspects of your Microsoft Teams roll out to include critical considerations such as calling, meetings, collaboration, security and governance and change management. Our Microsoft Teams experts have the ability to tailor the virtual workshop to give your organization the guidance needed and as a Fast Track Ready Partner, we will provide access to our subject matter experts to ensure fast and reliable results for your deployment.

Introducing the Teams Calling Workshop
This complimentary engagement is funded by Microsoft* and you will receive a modular engagement to experience the vision for Microsoft Teams with phone system capabilities and advanced communication scenarios.

This workshop is designed to guide you through the process of a simplified enterprise voice solution with reliable, high-quality, integrated calling. Through ‘art of the possible’ demonstrations, use-case design and deep-dive planning, you will obtain actionable recommendations to deploy and adopt Microsoft Teams Calling with phone system.

How long are the workshops?
We have developed the calling workshop to be delivered remotely or in person and they’re typically delivered within 2 days. The workshops will be delivered by our professional service team, engaging with your business decision-makers, technical team and change managers within your organizations, to ensure we cover all aspects of your Teams deployment.

*Funding is subject to approval and needs to applied for by an approved Microsoft Partner.
Enjoy business benefits
• Receive an evaluation of your current telephony and PBX need.
• Environmental and workload analysis, including existing infrastructure and telephony state.

• Demonstration of the end-to-end Teams Calling experience to showcase Microsoft Teams Calling as your telephony solution.
• Direction on how to transition various user profiles into a modern collaboration and communication environment.
• Showcase the rich portfolio of third party applications and devices that can complement the Teams Calling experience.
• Customized, actionable recommendations you can follow to enable and adopt Teams for Calling.
